

8th Annual WinterFest

NASHAWANNUCK POND SPONSORSHIP FORM

Your donation will be cheerfully accepted at any time prior to our event.

The pandemic has changed the look of WinterFest for the time being, but the need for financial support of the pond continues. This year we committed \$40,000, along with \$261,000 from CPA to dredge the siltation basins. We also tested the pond for cyanobacteria at a cost of over \$1,000 and will continue to fund efforts in future years. Next year we will once again pay for herbicide treatments to curb invasive weed growth. All of these projects are important to the health of the pond and our ability to raise funds to support these efforts is key to its survival. We appreciate your support of Nashawannuck Pond, especially during these challenging times. We will happily acknowledge your sponsorship on our website and through social media. **Please select sponsorship level:**
